2.3.2 AFTER HOURS shall be work performed after 6:00 PM and before 6:00 AM the next morning and Saturday work.

2.3.3 SUNDAY & HOLIDAYS shall be work performed during Sundays or during any County holiday.

2.4 Due to the nature of many County facilities operating on a seven/twenty-four schedule, each contractor awarded this bid shall make available to the County services 365 days per year, 24 hours per day.

2.5 Response Times:

2.5.1 Response time to all REGULAR service work shall be within six (6) hours on-site after Contractor receives request from the County department, with the exception of an emergency request that occurs during REGULAR hours, which shall be two (2) hours. The six hour response time shall carryover the next working day if called into Contractor's office after 12:00 Noon.

2.5.2 AFTER HOURS and SUNDAY AND HOLIDAY request shall have a two (2) hour response time.

- 2.5.3 The Contractor shall provide twenty-four (24) hour toll free telephone access to their staff. Contractor staff must respond back to the requestor within thirty (30) minutes.

2.6 PROJECT WORK AND TIME AND MATERIALS:

- 2.6.1 Project work shall mean work performed on major retrofits/repairs, which, in the best interest of the County, would be more advantageous to be performed as “all inclusive” as opposed to time and materials. Each of the contractors assigned to this contract shall be provided a request for project quote with a detailed Scope of Work. As such, each contractor MUST submit a response, with award to the lowest quote of the project. Contractors are not to submit their own project quote sheets. Only County letterhead quote sheets are acceptable. All terms and conditions are those established under this agreement. All additional labor charges outside the Scope Of Work are those established in Attachment A, PRICING.
- 2.6.2 The threshold from time and materials to project work shall be ~~\$1,000.00~~ **5,000**. Exceptions to this shall be emergencies that arise and must be dealt with immediately without the time for project quotes. This figure is not firm fixed. The County reserves the right to adjust this figure to a higher-level if deemed in the best interest of the department.
- 2.6.3 A construction tax may be applied to the total project cost. This is calculated at 65% of the retail tax rate applied to the combined labor and materials associated with project work.
- 2.6.4 The County’s project quote sheet will contain the following information:
- The contract serial number;
 - Name and address of site;
 - FMD site ID number;
 - Detailed scope of work,
 - Other information relative to the SOW,
 - Line item, project cost,
 - Check box for “will quote” or “will not quote” the project,
 - Deadlines for quote delivery,
 - Signature line for both the County and the Contractor
- 2.6.5 After site review of the project, the Contractor must submit the project quote sheet back to the requestor, either with acceptance and a firm price or decline with a written reason explaining why the project was declined. Contractors who have declined project work three times during a six-month period shall be required to attend a meeting with the Materials Management Department and FMD to discuss possible default of contract.
- 2.6.6 The submitted project price quote shall be all-inclusive. Any cost overruns shall be absorbed by the Contractor; or cost savings shall be additional profit. Exceptions shall be changes requested by the County that incur higher project cost and longer delays. All change orders to a project must be in writing, referencing the contract serial number, and approved by FMD (or County user agency if requested by them) prior to any authorization to proceed. Contractor failing to acquire change orders in writing run the risk of incurring these additional costs without payment. ALL contractors shall have an opportunity to quote on project work, and the County user agencies MUST ensure all contractors of record for HVAC services receive such documentation.
- 2.6.7 Contractors shall be compensated for additional work requested that is not detailed in the scope at labor rates bid in Attachment A, PRICING.

- 2.6.8 This contract may also be used for time and materials work (under \$1,000) and priced per hour as bid in the pricing section. Each bidder shall be ranked as first call, second call, third call, and so forth. The contractor of record having the lowest labor bid shall be called first by the requesting department for time and materials service. If the contractor is unable to respond in the time parameters, the requesting agency shall proceed to the next lowest bidder. The County will maintain a rank call log. Consistent decline of service requests by a contractor or consistent non-compliance with response time specifications shall cause the County to review the file and make a determination for default of contract.
- 2.6.9 Time And Materials, Labor Hour Quotes:
The Contractor, when submitting a quote to perform a T&M HVAC task, shall use his/her quote as an "estimate". The County will monitor the Contractor's time, ensuring hours spent on each job is verifiable. Only actual hours on the job shall be billed. Exceptions are "project quotes", wherein one price is all-inclusive to perform an entire job.
- 2.7 The Contractor shall be responsible for sourcing all HVAC parts/components/units necessary in the repair/replacement of HVAC systems. Exceptions are, if in the best interest of the County, to utilize its own HVAC commodity contracts to source said supplies.
- Replacement parts/components/units shall be new and with minimum warranty of ninety (90) days, unless longer warranties are available from manufacturers. All labor for repairs shall have a 90-day warranty.
- 2.8 Trip Charges:
Trip charges are allowed when the contractor arrives on site and is unable to locate someone who knows anything of the call, sometimes referred to as a dead-end call --or-- the technician examines the problem and nothing is found to be wrong and therefore actual labor is not initiated. Should this be the case, only the trip charge is allowed, no labor charges shall be imposed on the County. Combination of trip charges and labor rates are not allowed if the service call is legitimate and actual HVAC work is initiated (Exceptions: if outside the 25-mile radius).
- 2.9 Contractor must meet all Federal EPA and OSHA guidelines in the proper handling and disposal of refrigerant.
- 2.10 Repair work for HVAC service shall be performed with the use of one (1) HVAC technician. If needed, Contractor may dispatch a laborer to aid the technician. Any additional technicians or laborers needed for a SPECIFIC job must be pre-approved by the County user agency.
- 2.11 Technical Training To County Staff:
The Contractor(s) may be required to provide technical expertise training in HVAC services. These training sessions will be on-request by applicable County agencies. The training requested may be for old or new technology. The training will be held at a County facility, or if deemed necessary, the Contractors facility. Training aids (i.e., service manuals, mock-up equipment; etc.) shall be provided by the Contractor. The County under a separate purchase order may purchase Service manuals. The Contractor shall be given advance notice to prepare, research, and schedule staff in order to provide an adequate presentation. The cost of this service will be line item priced in the pricing section of the contract. Exceptions: equipment units purchased under project work will be specified in the job scope to include training. Technical training shall be performed during regular business hours.
- 2.12 The Contractors service truck fleet shall carry sufficient supply of repair parts and equipment to perform routine HVAC service and repairs, and hot water boiler service and repair. The Contractor shall have a local shop and/or warehouse that stocks parts to keep their trucks supplied daily. As part of the County's due diligence, these requirements shall be verified by FMD via a formal inspection after bid submittals and prior to bid award.

- 2.13 A Maricopa County Sheriff's Office background check will be a requirement for all employees of Contractor's staff providing services to the County, ~~for whether plumbing HVAC service or roofer services~~. This requirement is essential due to the need to access areas within the County such as detention facilities, court buildings, and many other restricted areas. The cost for this requirement shall be incurred by the County.
- 2.14 Contractor to pay for all connections, installation, use, development, etc. fees and/or charges, and obtain and pay required permits and licenses. These costs to be billed back to the County without mark-up.
- 2.15 Employees Of The Contractor
No one except authorized employees of the Contractor is allowed on the premises of Maricopa County Buildings. Contractor's employees are NOT to be accompanied in their work area by acquaintances, family members, assistants, or any other person unless said person is an authorized employee of the Contractor.
- 2.16 Subcontracting:
The Contractor may not assign this contract or subcontract to another party for performance of the terms and conditions hereof (HVAC repair and services) without the written consent of the County. All correspondence authorizing subcontracting must reference the contract serial number and identify the job project.
- The subcontractor's rate for HVAC *services* shall not exceed that of the prime contractor's rate, as bid in the pricing section, unless the prime contractor is willing to absorb any higher rates. This is not allowed because this contract has been awarded to the prime contractor, and as such, is required to perform HVAC repairs and services accordingly. If the use of a HVAC subcontractor is granted, and conditions stated above acceptable to the prime, the subcontractor's invoice shall be invoiced directly to the prime contractor, who in turn shall pass-through the cost to the County, without mark-up. A copy of the subcontractor's invoice must accompany the prime contractor's invoice.
- 2.17 Price Rate Exceptions In The Use of Subcontractors:
Should the prime contractor require work outside of their own competency and expertise, they may then use a subcontractor to perform such work. Examples would be, but not limited to: concrete cutting, underground detection, asbestos removal, or concrete removal and reinstallation. In these examples, the work is not HVAC in nature, and therefore the subcontractor may perform the services and bill at the prevailing rate for the service. In this case, the subcontractors accepted charges shall be paid by the prime, and invoiced to the County with a 5% mark-up.
- Additionally, insurance and bonding requirements as outlined in this contract shall be a requirement of the subcontractor.
- 2.18 Invoicing:
All invoicing for time and materials shall be sent to the County user agency that has requested the services of the Contractor. All T & M invoicing **MUST** include:
- Purchase order number (or if P-card is used, noted in PO field);
 - Terms as bid;
 - Contract serial number;
 - Job site name and address w/ FMD site number;

- (b) Part priced singularly (contractor's cost + percentage, i.e., \$30.00), with a statement at the bottom of invoice that states "The above parts pricing reflects XX% over cost."

2.19 Invoicing for project work must contain:

Contract serial number;
Purchase order number (If used);
Terms as bid;
Description of work performed;
Location of job site and FMD site number);
Project cost as quoted;
Applicable construction tax if required (65% of retail tax rate);

Attached to the invoice must be the project quote sheet and all change orders.

Invoicing that does not have all the required information as listed above, will be sent back for corrections, delaying payment to the Contractor.

2.20 Tax:

Taxes shall be imposed on HVAC parts and supplies purchased by the County. No tax shall be levied against labor (Exceptions: projects). Bid pricing to include all labor, overhead, tools and equipment used, profit, and any taxes that may be levied. 4.4 UNCONDITIONAL TERMINATION FOR CONVENIENCE:

Maricopa County may terminate the resultant Contract for convenience by providing sixty (60) calendar days advance notice to the Contractor.

4.5 TERMINATION FOR DEFAULT:

If the Contractor fails to meet deadlines, or fails to provide the agreed upon service/material altogether, a termination for default will be issued. The termination for default will be issued only after it is deemed by the County that the Contractor has failed to remedy the problem after being forewarned.

4.6 TERMINATION BY THE COUNTY:

If the Contractor should be adjudged bankrupt or should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of its insolvency, the County may terminate this Contract. If the Contractor should persistently or repeatedly refuse or should fail, except in cases for which extension of time is provided, to provide enough properly skilled workers or proper materials, or persistently disregard laws and ordinances, or not proceed with work or otherwise be guilty of a substantial violation of any provision of this Contract, then the County may terminate this Contract. Prior to termination of this Contract, the County shall give the Contractor fifteen (15) calendar days written notice. Upon receipt of such termination notice, the Contractor shall be allowed fifteen (15) calendar days to cure such deficiencies.

4.7 APPROPRIATION CONTINGENCY:

The Contractor recognizes that any agreement entered into shall commence upon the day first provided and continue in full force and effect until termination in accordance with its provisions. The Contractor and the County herein recognize that the continuation of any contract after the close of any given fiscal year of the County (fiscal years end June 30 of each year), shall be subject to the approval of the budget of the County providing for or covering such contract item as an expenditure therein. The County does not represent that said budget item will be adopted, that decision being the determination of the County Board of Supervisors at the time of the adoption of the budget.

4.8 ORGANIZATION – EMPLOYMENT DISCLAIMER:

This Contract is not intended to constitute, create, give rise to or otherwise recognize a joint venture contract or relationship, partnership or formal business organization of any kind, and the rights and obligations of the parties shall be only those expressly set forth in the Contract.

The parties agree that no persons supplied by the Contractor(s) in the performance of obligations under the contract are considered to be County employees, and that no rights of County civil service, retirement or personnel rules accrue to such persons. The Contractor(s) shall have total responsibility for all salaries, wages, bonuses, retirement withholdings, workmen's compensations, other employee benefits and all taxes and premiums appurtenant thereto concerning such persons, and shall save and hold the County harmless with respect thereto.

4.9 STATUTORY RIGHT OF CANCELLATION FOR CONFLICT OF INTEREST:

Notice is given that pursuant to A.R.S. § 38-511 the County may cancel this Contract without penalty or further obligation within three years after execution of the contract, if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County is at any time while the Contract or any extension of the Contract is in effect, an employee or agent of any other party to the Contract in any capacity or consultant to any other party of the Contract with respect to the subject matter of the Contract. Additionally, pursuant to A.R.S § 38-511 the County may recoup any fee or commission paid or due to any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County from any other party to the contract arising as the result of the Contract.

4.10 OFFSET FOR DAMAGES;

In addition to all other remedies at Law or Equity, the County may offset from any money due to the Contractor any amounts Contractor owes to the County for damages resulting from breach or deficiencies in performance under this contract.

4.11 ADDITIONS/DELETIONS OF SERVICE:

The County reserves the right to add and/or delete services to this Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional services are required from this Contract, prices for such additions will be negotiated between the Contractor and the County.

4.12 SUBCONTRACTING:

The Contractor may not assign this Contract or Subcontract to another party for performance of the terms and conditions hereof without the written consent of the County. All correspondence authorizing subcontracting must reference the Bid Serial Number and identify the job project.

The Subcontractor's rate for the job shall not exceed that of the Prime Contractor's rate, as bid in the pricing section, unless the Prime Contractor is willing to absorb any higher rates. The Subcontractor's invoice shall be invoiced directly to the Prime Contractor, who in turn shall pass-through the costs to the County, without mark-up. A copy of the Subcontractor's invoice must accompany the Prime Contractor's invoice.

4.13 AMENDMENTS:

All amendments to this Contract must be in writing and signed by both parties.

4.14 CONFORMATION WITH THE LAW:

This service shall be accomplished in conformity with the laws, ordinances, rules, regulations and zoning restrictions of the United States of America, the State of Arizona, the County of Maricopa and all applicable municipalities.

4.15 CONTRACT COMPLIANCE MONITORING:

The Materials Management Department and the using Agency(ies) shall monitor the Contractors' compliance with, and performance under, the terms and conditions of the Contract. The Contractor shall make available for inspection and/or copying by the County all records and accounts relating to the work performed or the services provided by this Contract.

4.16 RETENTION OF RECORDS:

The Contractor agrees to retain all financial books, records, and other documents relevant to this Contract for five (5) years after final payment or until after the resolution of any audit questions which could be more than five (5) years, whichever is longer. The Department, Federal or State auditors and any other persons duly authorized by the Department shall have full access to, and the right to examine, copy and make use of, any and all said materials.

4.17 ADEQUACY OF RECORDS:

If the Contractor's books, records and other documents relevant to this Contract are not sufficient to support and document that allowable services were provided, the Contractor shall reimburse Maricopa County for the services not so adequately supported and documented.

4.18 AUDIT DISALLOWANCES:

If at any time it is determined by the Department that a cost for which payment has been made is a disallowed cost, the Department shall notify the Contractor in writing of the disallowance and the required course of action, which shall be at the option of the Department either to adjust any future claim submitted by the Contractor by the amount of the disallowance or to require repayment of the disallowed amount by the Contractor forthwith issuing a check payable to Maricopa County.

4.19 P.O. CANCELLATION LANGUAGE:

The Department of Materials Management reserves the right to cancel Purchase Orders within a reasonable period of time after issuance. Should a Purchase Order be canceled, the County agrees to reimburse the Contractor but only for actual and documentable costs incurred by the Contractor due to and after issuance of the Purchase Order. The County will not reimburse the Contractor for any costs incurred after receipt of County notice of cancellation, or for lost profits, shipment of product prior to issuance of Purchase Order, etc.

Contractors agree to accept verbal notification of cancellation from the Department of Materials Management with written notification to follow. By submitting a bid in response to the Invitation For Bids, the Contractor specifically acknowledges to be bound by this cancellation policy.

4.20 VALIDITY:

The invalidity, in whole or in part, of any provision of the Contract shall not void or affect the validity of any other provision of this Contract.

4.21 CONTRACTOR RESPONSIBILITY:

The Contractor will be responsible for any damages whatsoever to County property when such property is the responsibility of, or in the custody of, the Contractor, his employees or Subcontractors.

4.22 GUARANTEE:

The materials and supplies called for herein shall be the best of their grade and type, prepared according to the best available standards or accepted formulas, and thoroughly tested and subjected to rigid examination and standardization. Items not meeting these requirements shall be replaced at no cost to the County upon due notice of deficiency.

4.23 DELIVERY:

It shall be the Contractor's responsibility to meet the County's delivery requirements, as called for in the Technical Specifications. Maricopa County reserves the right to obtain services on the open market in the event the Contractor fails to make delivery, and any price differential will be charged against the Contractor.

4.24 RIGHTS IN DATA:

The County shall have the use of data and reports resulting from this Contract without additional cost or other restriction except as may be established by law or applicable regulation. Each party shall supply to the other party, upon request, any available information that is relevant to this Contract and to the performance hereunder.

4.25 SECURITY AND PRIVACY:

The Contractor agrees that none of its officers or employees shall use or reveal any research or statistical information furnished by any person and identifiable to any specific private person for any purpose other than the purpose for which it was obtained. Copies of such information shall not, without the consent of the person furnishing such information, be admitted as evidence or used for any purpose in any action, suit, or other judicial or administrative proceedings, unless ordered by a court of competent jurisdiction. The County shall be notified immediately upon receipt of any such order of court, pertaining to production of such information.
